

# Keira Kistensamy

ASPIRING FRONTEND DEVELOPER

## ABOUT ME

I'm a dedicated and enthusiastic 20 year old junior developer with six months of hands-on coding experience in HTML, CSS, JavaScript, Vue.js, Node.js, and MySQL. I'm passionate about creating intuitive, visually engaging user interfaces and enjoy diving into frontend technologies. I'm constantly building my skills and am eager to apply my knowledge in a collaborative, growth-oriented role.

## WORK EXPERIENCE

### Life Choices Studio

*25 September 2024 - current*

- I am currently studying WordPress at Life Choices where I am focusing on designing portfolios and websites.
- I completed a 6 week networking journey with Cisco at Life Choices Studio, focusing on essential skills and technologies for designing, securing, and managing computer networks.

### Life Choices Academy

*02 April 2024 - 20 September 2024*

- I pursued a study in web development. This field encompasses a range of skills and technologies crucial for creating and maintaining websites and web applications.

### Pedal Power Association (PPA)

*Part-time during 2023*

- Ensured all cyclists were registered and handed out medals after the race.

## EDUCATION HISTORY

### School of Fashion

*Part-time during 2023*

I went into a year course of fashion designing where I was taught the basics of how to make clothing patterns

### Spine Road High School

*2018 - 2022*
